Educational Background

❖ Politeknik Mechanical of National University, Lhokseumawe

Training/Course

1. Non Destructive Test Level 1 B4T, 1991
2. Ultrasonic Level II, 1992
3. Achievement Motivation Training, 1992
4. Crane Inspector Depnaker, 1992
5. Welding Inspector, 1994
6. Eddy Current Level I , 1996
7. Eddy Current Level II , 1997
8. Interpretation Document for ISO 2000, 1997
9. Audit Mutu Internal, 1998
10. Pressure Vessel Inspector Migas, 1998
11. Project Management, 1999
12. Performance Management, 2000
13. Statistic Process Control, 2000
14. Active Communication & Human Relation, 2000
15. Crane Inspector Migas 2002
16. Piping Inspector, Migas 2002
17. Storage Tank Operator Migas, 2004
18. Inspektur bejana tekan Migas , 2004
19. Account Manager Development Program, 2004
20. Basic Sea Survival, 2005
21. Helicopter Under water Escape Training, 2005
22. Basic fire fighting, 2005
23. Basic First Aid Training, 2005
24. Account Manager Development Program II, 2005
25. Advance Supervisory Management, 2005
26. Personal Power, 2006
27. Internal Quality Audit, 2007
28. Workshop Project Management For Engineering, 2007
29. High Impact Presentation, 2009
30. Manajemen Operasi dan Proses Produksi, 2010
31. Successful Account Partner Training, 2012
32. Petroleum Engineering for Non Engineers 2012
33. Manajemen Operasi dan Proses Produksi, 2012
34. Inspektur Bejana Tekan Migas 2013
35. Inspektur Pesawat Angkat Migas, 2014
36. Audit Internal SNI ISO/IEC 17020:2012, 2017
37. Pelatihan kompetensi Kelistrikan , 2017
38. Inspektur Pesawat Angkat Migas, 2017
39. Pelatihan Studi Kelayakan Bisnis dan investasi , 2017

❖ Since 1991

1993 : **PT. Arun NGL Co, Lhokseumawe**

Position : Inspector

Inspection and Recertification Pressure Vessel

Responsible for:

- Visual Inspection
- Review Material Test Report
- Verifying that the Manufacturer has a valid Certificate of Authorization and is working to a Quality Control System
- Verifying that the applicable design calculations are available
- Verifying that materials used in the construction of the vessel comply with the requirement

Cont'd Curriculum Vitae - *Wijil Pustiko*

- Verifying that all welding and brazing procedures have been qualified
- Making Visual Inspection of Vessel to confirm that there are no material or dimensional defects
- Performing External and Internal inspections and witnessing the hydrostatic or pneumatic test.

- Verifying that the required marking is provided and that any nameplate has been attached to the proper vessel.
- Reporting all inspection during and after finishing the job.

PT. Arun NGL Co, Lhokseumawe

Position : Inspector Coordinator

Inspection and Rigging Hardware

Responsible for:

- Visual Inspection
- Review NDT reports
- Witnessed NDT
- Evaluate and report the result

1994 : **Mobil Oil Indonesia Inc., Lhokseumawe**

Position : Inspector

Inspection and Recertification Pressure Safety Valve

Responsible for:

- Visual Inspection
- Review supporting document
- Witnessed function test
- Evaluate and report the result

PT. Arun NGL Co, Lhokseumawe

Position : Inspector

Eddy Current Test of Heat exchanger Tube

Responsible for:

- Perform Eddy Current Test
- Evaluate and report the result

1995 : **PT. Arun NGL Co, Lhokseumawe**

Position : Inspector

Inspection and Recertification Pressure Vessel

Responsible for:

- Visual Inspection
- Review Material Test Report
- Verifying that the Manufacturer has a valid Certificate of Authorization and is working to a Quality Control System

Position : Coordinator

Inspection of recertification of Crane

Cont'd Curriculum Vitae - *Wijil Pustiko*

Responsible for:

- Visual Inspection
- Witness NDT
- Review NDT Result
- Witness Load Test
- Evaluate and report ther result

Doosan Mecatec Co., Ltd. Changwoon - city, Korea

Position : Pressure Vessel Inspector

Inspection of recertification of Pressure Vessel.

Responsible for:

- Visual Inspection
- Review Material Test Report
- Verifying that the Manufacturer has a valid Certificate of Authorization and is working to a Quality Control System
- Verifying that the aplicable design calculations are available
- Verifying that materials used in the construction of the vessel comply with the requirement
- Verifying that all welding and brazing procedurres have been qualified
- Making Visual Inspection of Vessel to confirm that there are no material or dimensional defects
- Performing External and Internal inspections and witnessing the hydrostatic or pneumatic test.

- Verifying that the required marking is provided and that any nameplate has been attached to the proper vessel.

2005 PT. Tripatra Flour / TF Chevron Maintenance

Position : NDT Project Manager

Responsible for:

- Responsible for managing the company's bussiness in NDT Services section at TF Chevron Maintenance Project , Duri.

2006 : Responsible for managing the company's bussiness in Industrial and Engineering Services section at Representative,East Java and Nusa Tenggara

2007 : Responsible for managing the company's bussiness in Industrial and Engineering Services section at Representative, East Java and Nusa Tenggara

2008 : Responsible for managing the company's bussiness in Industrial and Engineering Services section at Representative, East Java and Nusa Tenggara

2009 : Responsible for market managing the company's bussiness in Industrial and Engineering Services section at Representative, East Java and Nusa Tenggara

2010 : Responsible for market managing the company's bussiness in Industrial and Engineering Services section at Representative,East Java and West Indonesia

2011 Responsible for Project Manager PMU of Integrity QA/QC at Pertamina H E ONWJ

2012

2013 Coordinator Project for SKPI (Sertifikasi Kelayakan Penggunaan Instalasi) and SKPP Sertifikasi Kelayakan Penggunaan Peralatan) equipment at Gas Station Unit PT. IPP SPBG Bekasi

Coordinator Project for SKPI (Sertifikasi Kelayakan Penggunaan Instalasi) and SKPP Sertifikasi Kelayakan Penggunaan Peralatan) equipment at Gas Separator Unit PT. Exterrann Indonesia Banyu Urip Bojonegoro

Cont'd Curriculum Vitae - *Wijil Pustiko*

2014 Coordinator Project for SKPI (Sertifikasi Kelayakan Penggunaan Instalasi) and SKPP Sertifikasi Kelayakan Penggunaan Peralatan) equipment at Gas Seperator Unit PT. Exterrann Indonesia Senipah Kalimantan Timur

2015 Coordinator Certification equipment for operation permit of HUBLA and Depnaker of STS , CC crane at Teluk Lamong Port PT. Pelindo III

QA/QC inspector for fabricate ARTG crane PT. Pelindo III at Kone Dalian Workshop China

Responsible for:

- Visual Inspection
- Review Material Test Report
- Verifying that the Manufacturer has a valid Certificate of Authorization and is working to a Quality Control System
- Verifying that the aplicable design calculations are available
- Verifying that materials used in the construction of the vessel comply with the requirement
- Verifying that all welding, brazing and paintingprocedurres have been qualified
- Making Visual Inspection of Crane to confirm that there are no material or dimensional defects
- Performing External and Internal inspections and witnessing the pneumatic test.
- Verifying that the required marking is provided and that any nameplate has been attached to the proper Crane.

2016 QA/QC inspector for fabricate RTG crane PT. Pelindo IV at RainbowCartage China

Responsible for:

- Visual Inspection
- Review Material Test Report

- Verifying that the Manufacturer has a valid Certificate of Authorization and is working to a Quality Control System
- Verifying that the applicable design calculations are available
- Verifying that materials used in the construction of the vessel comply with the requirement
- Verifying that all welding, brazing and painting procedures have been qualified
- Making Visual Inspection of Crane to confirm that there are no material or dimensional defects
- Performing External and Internal inspections and witnessing the pneumatic test.
- Verifying that the required marking is provided and that any nameplate has been attached to the proper Crane.

2017 - 2019

Responsible for Department Head of Technical and General Commodity services at Samarinda Branch

2019 - 2020

Responsible for Department Head of Marketing at Surabaya Branch

2020 - 2021

Responsible for Department Head of Commodity and Trade Solutions at Surabaya Branch

2022 - 2023

Responsible for General Manager at Padang Branch

2023 until now

Carry out the Retirement Preparation Period

I the undersign certify that to the best my knowledge and belief, the bio data contained in this CV correctly describe my self, my qualifications and my expertise.
