

Anggi Ernata

MENTAL HEALTH NURSE

I am a civil servant of the Ministry of Health at Dr. Radjiman Wediodiningrat Hospital specializing in child and adolescents. My love for children and the world of mental health has made me an energetic, dynamic and persistent learner. I would like to help child and adolescents to become resilient, happy and grateful to face the many challenges of life.

EXPERIENCE

2010 - 2014

Adult Mental Health Nurse

- I am an advocate for patients with mental health disorders. I help them discover who they are, rebuild their confidence, and support them in becoming the best version of themselves.

2015 - now

Child and Adolescent Mental Health Nurse

- My happiness as a psychiatric nurse for child and adolescents is when I can be a friend, support them, help them find their positive side, help them overcome their life problems, see them happy to be themselves and free to be creative for their future.
