***Caterpillar 395 NextGen Hydraulic Excavator
Machine Operation & Preventive Maintenance Training***

On

25 - 26 April 2022

Certified Instructor Nurul Yakin

Trakindo

Training of this nature cannot cover every situation an operator may encounter in normal use and operation. Common sense and good judgment must always be used to ensure safe operation.

Training and operator skill development are on-going processes. Each operator is responsible for, and must familiarize himself/herself with, the machine, the work environment and specific job application.

Thorough review of the Caterpillar manuals and literature are an important part of a safe and productive operation.
