- SMK3 Concept and Implementation
- BASF Emergency Response
- BASF Fire Prevention Concept
- BASF Fire and Explosion Risk Assessment (FERA) concept
- Basic fire extinguisher (APAR)
- Safety on Oxy Acetylene Welding
- Fire Watcher for Hot Work
- Chemical Spill Management
- SCBA (Self Contained Breathing Apparatus)
- BASF Incident Reporting and Investigation
- BASF Permit to Work
- Handle product leakage from IBC
- Industrial Hygiene: Storing Chemical Safely
- BASF Management of Change (MOC)

- BASF Asia Pacific Process Safety
- Inventarisasi dan Mitigasi Gas Rumah Kaca (GRK) Industri Kimia
- Program Penilaian Peringkat Kinerja Perusahaan (PROPER)

ACHIEVEMENTS

- 1. Development Contractor Safety Management System (CSMS), (2015)**
Establish new system of Contractor Safety Management System (CSMS) on PT Akebono Brake Astra Indonesia.
- 2. BASF Safety Champion Team Award Asia Pacific, (2018)**
Establish a new system reporting for unsafe behavior - unsafe condition and tracking.
- 3. Zero Accident Award from Ministry of Labor, (2019, 2020, 2021)**
Maintain zero accidents in the plant without lost working days 3 years row.
- 4. BASF Indonesia Merak Site 2000 days without Accident, (2021)**
Maintain days without accident in the plant so can get 2000 days without lost working days accident.
- 5. Kohler Zero Is Possible Award (ZIP) Silver Medal, (2022)**
Establish new system to encourage associate's participation in hazard reporting.
