

FAUZAN NABIL ABIDIN

081334697858 | f.nabilabidin@gmail.com | linkedin.com/in/fauzannabilabidin

Results-driven Ocean Engineering graduate with practical experience in dredging, mining operations, and workforce training. Proven success in project optimization, system digitalization, and cost-efficiency initiatives. Strong analytical thinker and collaborative leader, equipped with HSE knowledge, public speaking skills, and a passion for continuous improvement. Passionate about impactful roles in sustainable energy, operational excellence, and continuous development in the energy (oil & gas) and mining sector.

Education Level

Institut Teknologi Sepuluh Nopember - Surabaya, Indonesia

Jul 2019 - Sep 2023

Bachelor Engineering, Ocean Engineering, 3.53/4.00

- TOEFL : 510
- Thesis : Analysis of Dredging Method Selection In The Berth Basin Of Benoa Port.
- Laboratory Asisstant at Coastal and Port Infrastructure Laboratory, Ocean Engineering ITS.
- Vice Batch Leader of the "Abhinasthira" for the last 2 years of study.

Work Experiences

PT. Wijaya Karya (Persero) Tbk - Bali, Indonesia

Jul 2022 - Sep 2022

Project Engineering Internship

PT. Wijaya Karya (Persero) Tbk is authorized by PT. Pelabuhan Indonesia (Persero) as a contractor in the project "Proyek Design and Build Pengerukan Alur dan Kolam Pelabuhan Benoa Paket A"

- Analyzed the selection of the most effective dredging method and calculating the dredging volume.
- Provided 5 suggestions for dredging methods to accelerate the duration to 20-30% faster and save 30-40% of the total project cost, based on the results of the analysis and calculation that has been conducted.
- Demonstrated excellent public speaking skills and was selected to be a speaker at the Safety Morning Talk on the topic of the International Maritime Organization (IMO).
- Achieved a top performance rating of "Sangat Baik" from PT. Wijaya Karya (Persero) Tbk for successful internship implementation.
- Derived a thesis title through comprehensive analysis and observations made throughout the internship period.

PT. Hasnur Riung Sinergi Site BRE - Rantau, Tapin, Kalimantan Selatan, Indonesia.

Feb 2024 - Feb 2025

Fresh Graduate Development Program (FGDP) Training & Development Center Department

PT. Hasnur Riung Sinergi is a mining contractor company that is a subsidiary of the Hasnur Group. PT. HRS focuses on coal mining services.

- Learned company business processes of mining contractor companies and identify production processes through training and field observations.
- Successfully executed Project Improvement by digitizing the "Evaluasi Kompetensi Operator (EKO)" suggested by the Department Head as direct supervisor.
- Planned and executed training programs aligned with operational targets and HSE compliance.
- Developed an Excel-based Training and Evaluation Database System to streamline and make the process more efficient.
- Communicated and coordinated training with Man Power team for scheduling and candidate selection to support production needs.

PT. Hasnur Riung Sinergi Site BRE - Rantau, Tapin, Kalimantan Selatan, Indonesia.

Feb 2025 - Present

Program & Development Group Leader, Training & Development Center Department

- Coordinated and monitored the achievement of training and evaluation programs. Analyzed, Identified, Improved training and evaluation constraints.

- Provided training and evaluation documents, processed and ensured final training and evaluation documents are approved by the Project Manager.
- Involved in the improvement team focusing on fuel efficiency for all mining units in the company by recording and calculating fuel consumption for each unit (direct observation in the field).
- Mentor for FGDP Batch 7 & Batch 8 in working on Project Improvement.
- Planned and managed the delegation of daily work across the department staff consisting of 20 Group Leaders and 1 Admin.

Organizational Experience

Badan Eksekutif Mahasiswa Institut Teknologi Sepuluh Nopember (BEM ITS)

Aug 2021 - Jun 2022

Internal Affairs Ministry Staff

- Mandated to run the work program "Diskusi Kontemporer". Mediate if there is a clash between departments.
- Responsible for 3 student organizations to follow up information on all BEM ITS activities.

GUYUB KM ITS 2021 - Online

Dec 2021 -

Technical Sie Coordinator

An event organized by the Internal Affairs Ministry of BEM ITS in order to accomodate the interests and talents of KM ITS members, the kinds of events are Podcast, Mobile Legends and Valorant Competitions.

- Coordinated to provide a platform for the "Hustle Culture Mahasiswa" Podcast.
- Managed all aspects of events needs to ensure all needs for all competitions.
- Provided leadership to a dedicated team of 14 staffs, fostering a collaborative and high-performance work.

Himpunan Mahasiswa Teknik Kelautan (HIMATEKLA - ITS)

Feb 2021 - Dec 2021

Staff of Internal Affairs

- Person in charge of the ITS Ocean Engineering Graduation Ceremony.
- Appoint the Chief Executive of the Ocean Engineering Graduation and coordinate with the chairman regarding the concept of the event.
- Coordinate with Student Association of Faculty of Marine Technology to discuss the schedule of faculty graduation ceremony.

Additional Skills and Achievement

- **Hard Skills:** Microsoft Office, AutoCAD, AutoCAD Civil 3D, Surfer, Primavera.
- **Soft Skills :** Time Management, Communication, Problem Solving, Continous Improvement, Analytical & Critical Thinking, Leadership.
- **Training** 📍 (2023): Pelatihan ISO 45001;2018 Sistem Manajemen Keselamatan dan Kesehatan Kerja, ITS Tekno Sains.
- **Training** 📍 (2023): Pelatihan K3 Konstruksi, ITS Tekno Sains
- **Training** 📍 (2023): HSE Future Leaders Programme : Build Safety Behavior Based Safety Program in Simple Ways, Mutiara Mutu Sertifikasi.
- **Training** 📍 (2023): HSE Future Leaders Programme : Understanding Emergency Response Plan (ERP) & Emergency Response Team (ERT) in Fire Prevention.
- **Achievement** (2022): 3rd place in the Men's Randori category > 75 kg class at the "Kejuaraan Nasional Mahasiswa Shorinji Kempo Universitas Negeri Jakarta 2022"
- **Language:** Bahasa Indonesia (Native), English (Intermediate, TOEFL : 510)
