

CURRICULUM VITAE

PERSONAL DATA

Name : HENDRA KRISTIAN TO HADI SAPUTRA
Position (Current) : Superintendent North Production PHE OSES
Home Address : Jl. Percetakan Negara XA Blok G No. 9, Jakarta Pusat
Jakarta Pusat, Indonesia
Mobile Number : 081319975296

EDUCATION

2003-2007 Bachelor Degree CHEMICAL ENGINEERING Universitas Indonesia, JAKARTA
2016-2018 Master Degree Gas Management Chemical Engineering UI

EXECUTIVE SUMMARY

A professional in oil & gas industry with 16 years experiences. Skilled in gas processing especially amine unit and gas metering especially orifice, flow com & gas chromatography. Deep knowledge regarding gas sales agreement and amendment. Knowledge in oil well, oil processing and HYSYS simulation process

WORK EXPERIENCE

- | | |
|--------------------|--|
| 2021 – Now | Superintendent North Production PHE OSES <ul style="list-style-type: none">• Manage and supervise operational activities and oil production in the offshore North area to achieve production targets with HSSE aspects |
| 2018 – 2021 | Superintendent Pabelokan Gas Plant PHE OSES <ul style="list-style-type: none">• Coordinate the gas plant with other sections and departments to meet PHE OSES production targets and sales gas nominations |
| 2017 – 2018 | Head of Pabelokan Gas Plant CNOOC SES Ltd <ul style="list-style-type: none">• Coordinate the gas plant with other sections and departments to meet PHE OSES production targets and sales gas nominations |
| 2011 | Facility Engineer CNOOC Yacheng Operating Company, Shenzhen China <ul style="list-style-type: none">• Exposure to project (process, instrument, electrical, & mechanical) and operation (gas well, processing & metering) |
| 2010 – 2017 | Supervisor Gas Metering Station CNOOC SES Ltd <ul style="list-style-type: none">• Acts as liaison officer between CNOOC – PLN for daily operation |
| 2008 - 2010 | Supervisor Pabelokan Gas Plant CNOOC SES Ltd <ul style="list-style-type: none">• Supervises operator to maintain and control gas plant and all installed facilities to ensure performance reliability |

2008

Process Engineer at Singgar Doris Engineering

- Hysys process simulation and sizing calculation

SKILL GROUP

- Production Engineering
- Advanced Gas Treatment Processes and Operation
- HSE Field Operation
- Oil Well & Processing

ACHIEVEMENT

- Turn around WIDP oil processing platform
- Optimization gas processing due to gas production depletion
- Amendment GSA
- Reverse pigging from Metering to Gas Plant using Nitrogen
- New Heat Medium Burner installation – Gas Plant
- New Incoming 20" pressure control valve installation – Gas Plant

Certification

- Pembinaan Teknis Petugas dan Pengawas Operasi Serah Terima Gas Bumi (Custody Transfer) Direktorat Jenderal Minyak dan Gas Bumi
- Penanggungjawab Pencemaran Air (PPA) BNSP
